ABOUT BROECK CITIZENSHIP

Broeck Citizenship was founded with a clear mission: to simplify the journey to second citizenship. We understand the complexities of international law, due diligence, and program eligibility and we turn them into clear, actionable steps.

WHY DOMINICA CITIZENSHIP BY INVESTMENT ?

Dominican citizenship by investment grants full residency rights, dual citizenship flexibility, and enhanced global mobility with an efficient approval process often taking as little as three months. Investors benefit from a highly favourable financial climate including no wealth, gift, inheritance, or foreign income taxes alongside double taxation treaties and duty-free trade within CARICOM and the Eastern Caribbean. Beyond economic advantages, the programme allows main applicants to include qualifying dependants, offering their families secure access to a peaceful, politically stable nation celebrated for its natural beauty, community values, and commitment to sustainable development.

WHERE IS DOMINICA?

Dominica, known as The Nature Isle of the Caribbean, is located in the Eastern Caribbean, between Guadeloupe to the north and Martinique to the south. Covering 751 km² (290 square miles) and featuring 148 km (91 miles) of untouched coastline, Dominica is positioned midway along the Caribbean archipelago.

Its rugged terrain includes volcanic peaks, dense rainforests, and numerous rivers, making it a haven for those seeking natural beauty and adventure. With both the Caribbean Sea and Atlantic Ocean on its shores, Dominica is ideally located for diverse marine activities, such as diving and whale watching, amidst spectacular coastal and underwater landscapes.

ABOUT THE PROGRAMME

The Commonwealth of Dominica Citizenship by Investment Programme, established in 1993, is one of the world's longest running initiatives of its kind. Over the past three decades, the Programme has provided global investors and their families with the opportunity to invest in a second citizenship while contributing to Dominica's development.
